

# GP1b $\alpha$ Chimera Purification

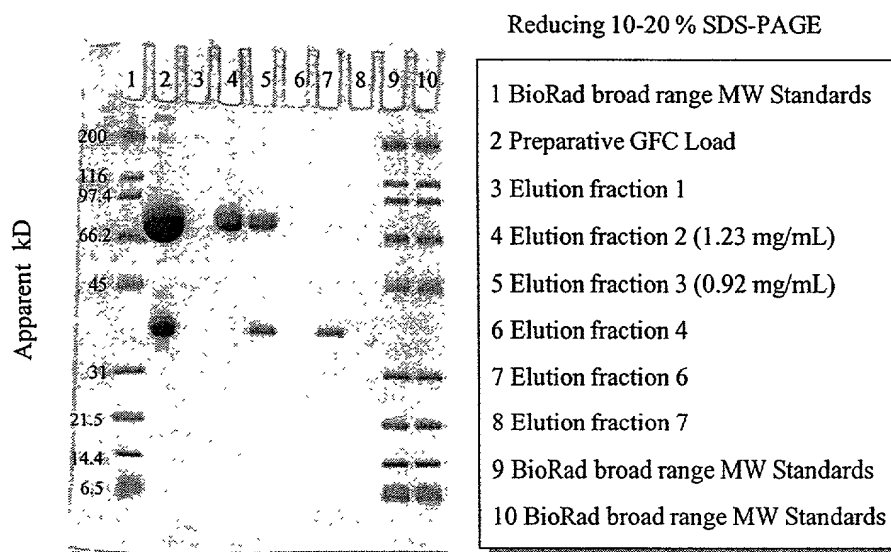

Reducing 10-20 % SDS-PAGE

- 1 BioRad GF Standards
- 2 GP1b $\alpha$  chimera CM
- 3 Protein A Flow thru
- 4 Flow thru @ 200 mLs
- 5 Flow thru @ 400 mLs
- 6 Flow thru @ 600 mLs
- 7 Protein A Eluate A
- 8 Protein A reload FT
- 9 Protein A Eluate B
- 10 Laura's purified chimera
- 11 BioRad GF Standards
- 12 BioRad GF Standards
